## PRESIDENT BURNS HAND ON TANK RIDE

PRESIDENT WILSON IN BRITISH TANK

President Wilson participated in an impromptu Liberty Loan demonstration, April 19, riding through the Capitol grounds in the British battle tank Britannia. His left hand was burned to the bone when he gripped

a muffler pipe in climbing out of the machine. His physician, Rear-Admiral Grayson, issued a statement, saying "No complications have developed, but it will be a month before the President regains the use of his hand."

## TO CARE FOR THE INDIGENT ENEMY ALIENS

Relief Work Among Indigent Enemy Alien Will be Directed Under Sanction of Government.

By Associated Press Dispatch.

Washington, April 30.—Relief work among indigent enemy aliens will be directed by the legations of Switzerland and Sweden representing German and Austrian interests, according to Secretary Lansing's announcement here today.

The work will be done with the cooperation and approval of the American government.

Needy families of interned aliens will be given relief direct from the legation fund while law-abiding enemy aliens who have suffered because of their status will be cared for by a national committee of Americans cooperating with the legation and their consular officers.

GERMANS HURLED ONE HUNDRED AND SEVENTY-FIVE THOUSAND MEN INTO TERRIBLE ATTACK ON THE BRITISH AND FRENCH ALONG A TWELVE MILE FRONT ONLY TO BE STOPPED IN THEIR TRACKS AND BEATEN BACK LATER BY COUNTER ATTACKS.

## IMPORTANT PIVOTAL POSITIONS RECAPTURED BELGIANS STOP THE GERMANS NEAR YPRES

BERLIN GOVERNMENT, WHILE ATTEMPTING TO MINIMIZE DEVELOPMENTS IN RUSSIA, REQUIRES MINISTER IN MOSCOW TO MAKE SPECIAL REPORT.

(By Associated Press Dispatch)

Today's report from the Flanders front only serves to emphasize the completeness of the victory won by the Anglo-French forces yesterday notwithstanding the tremendous assaults by which the Germans hoped to break into the allied hill forces southwest of Ypres and begin cutting their way on toward the Channel ports.

The enemy it is estimated threw as many as 13 divisions, or about 175,000 men into the attack on this 12-mile front, but despite continued serious assaults was held almost to his tracks everywhere.

The importance of the re-capture of Loere by the French lies in the fact that it guards the approach to Mt. Rouge, one of the most valuable hills on the defensive lines which cannot be taken in flank as long as Loere remains in allied hands. Similarly the allied troops have stopped the drive toward Scherpenberg by holding at La Clytte, while the Belgians, who had two additional German divisions to face north of Ypres dealt with them successfully and prevented any breach in the line toward the sea. All of the evidence points to the probability that the Germans suffered well-nigh the heaviest casualties of any day of the fighting on the northern front, as wave after wave of the attacking forces was mowed down by artillery and infantry fire.

Declaring that rumors of a change of government in Russia did not "sound of over importance" the Berlin Foreign Office has asked the German Ambassador at Moscow to report concerning disorders in Petrograd and the alleged monarchy's restoration. According to reports received in Berlin, the Russian Constitutional Democracy leaders, Milukoff, Guchkoff and Rodzienko and General Alexieff, former Russian commander-in-chief, are in Petrograd, aiding in the restoration movement. Further reports on conditions in Russia are lacking.

## ALLIES ADVANCE LINES

British Army Headquarters in France, April 30.—(Associated Press Cable)—The allied line has been advanced between La Clytte and Kemmel. The Franco-British forces have also made progress south of that region.

## THE FRENCH AND BRITISH MAKE GAINS

Entire Village of Loere Now in Possession of French.

Germans Driven from Ground Gained Early on Monday.

(Associated Press Cable)

London, April 30.—The French now hold the entire village of Loere, west of Kemmel, says the official statement from the war office today.

During the night the British advanced their lines east of Villers Bretonneux on the front before Amiens.

In the vicinity of Loere the French counter attacks yesterday evening drove the Germans from the remainder of the ground they

had gained in the morning. The Germans having been heavily repulsed along the northern front the night passed in quiet.

## ELECTRIC LINE TO CAMP SHERMAN

By Associated Press Dispatch.

Columbus, O., April 30.—Construction of an electric line into Camp Sherman by the City of Chillicothe is planned. A new company is to purchase the Chillicothe electric railway system and extend it to the military reservation. It was said here today.

## CONTRACT MADE FOR MILLIONS OF SHOES FOR ARMY

## ON BOSTON COMMONS MEN OF PERSHING TALK OF WAR

By Associated Press Dispatch.

Boston, Massachusetts, April 30.—How New England soldiers are fighting on the battle front in France was told today at a rally on Boston Commons by Americans sent home from General Pershing's headquarters to impress upon the people the importance of subscribing to the third Liberty Loan. When Edward B. Creed of this city, a sergeant attached to headquarters and the principal speaker, mounted the platform with his companions, there was a great outburst of applause from the thousands of men and women present.

"We have come home," the speaker said, "to tell you just what conditions are over there, and what we over there expect of you over here. The men you sent from New England are standing up against the Germans and fighting every minute of the 24 hours, and every gun flash sends its answer to the Germans from Uncle Sam's men."

Creed made a strong plea for loan subscriptions.

## RECORD GAIN

By Associated Press Dispatch.

Cleveland, O., April 30.—The largest gain since the opening of the third Liberty Loan campaign was recorded in Cleveland subscriptions of \$45,064,100 up to noon today, a gain of \$4,593,200. The estimated total for the Fourth Federal Reserve District was placed at \$247,000,000.

## WANTS PEACE

(By Associated Press Cable)

Stockholm, Sweden, April 30.—The Catholic International Press Agency announces a dispatch from Basel, which says that Emperor Charles of

## ACCUSED OF LAXITY

CHARLES WARREN

Assistant Attorney-General Charles Warren, tendered his resignation to Attorney General Gregory, which was accepted. Many believe that the Attorney-General was displeased with a statement credited to Mr. Warren by W. H. Bloodgood, of Milwaukee, in a hearing on the Chamberlain bill. Mr. Warren, in the early days of the war, was in charge of cases under the neutrality laws and when this country entered the struggle was placed in charge of all matters relating to enemy activity. He is credited with saying: "The war could not be run in the criminal courts."

Austria is making a fresh peace offer, appealing to Italy to consider it in her own interests. Also it has been predicted that if the present German campaign should fail, "a peace offensive" would be inaugurated by the Central Powers.

There has been no previous intimations that a new move of this nature was being made. Unless confirmed advices are received through the usual channels of Switzerland, this dispatch may be accepted with reserve. Ordinarily news originating in Switzerland is forwarded to this country by way of Paris.

## MICHIGAN DRY TONIGHT

By Associated Press Dispatch.

Detroit, Mich., April 30.—The constitutional amendment making Michigan a prohibition state becomes operative at midnight tonight. By the terms of the amendment, the sale or manufacture of alcoholic beverages is restricted to that required for medical, mechanical and sacramental purposes.

## TO INCREASE MAN POWER OF AMERICA IN THE WAR

By Associated Press Dispatch.

Washington, April 30.—Three bills to increase American man power in the war were introduced today in the Senate. Senator Poindexter of Washington introduced one authorizing the President to call immediately 1,500,000 men under the selective draft law.

Senator Reed of Missouri offered one to add 3,000,000 men to the army and Senator Smith of Georgia introduced a resolution proposing to raise the army to 5,000,000 men.

Immediate action to increase the army, Senator Poindexter said in a brief address, is necessary.

"Congress should act immediately," he said, "There should be no delay in increasing our army. There ought not to be a day—an hour lost."

## WHITE GUARD TAKE VIBORG REDS FLEE

(Associated Press Cable)

London, April 30.—The White Guards or Finnish government forces have captured Viborg, 75 miles northwest of Petrograd after killing nearly the entire force of 6,000 Red Guards, according to an official announcement issued at Vasa and transmitted from Copenhagen by the Exchange Telegraph Company.

The rebels made a last desperate attempt to break through in the direction of Fredericksham.

## GREATEST CONCERT EVER GIVEN HERE 7:30 FRIDAY NIGHT

The greatest concert ever given in the city—that to be given by the huge Sousa's Band from the Great Lakes Naval Training Station at Great Lakes, Illinois, will begin at 7:30 Friday night of this week, and will be free to the public in general.

Arrangements have been completed for holding the concert on Court street in front of the court house, and a liberal space will be roped off for the event.

Persons in automobiles are requested not to sound the horns on their machines after each selection, as patriotic speeches are to be made immediately after each selection. These will be of five minutes only, so that no one will grow weary, and there will be a new speaker after each selection played.

The speakers are: C. A. Reid, Rev. Barre, A. C. Patton, John Logan, Frank C. Parrett, Troy Junk, J. D. Post, Rev. Gage.

It is expected that, weather permitting, thousands of people will come to the city, including hundreds from all surrounding towns. Greenfield has sent word that a huge delegation from that city will be present.

## O'NEIL'S TROUBLES ARE MULTIPLYING

Arthur O'Neil, who had such a tight squeeze to make his escape from the city lockup that he left his wearing apparel—most of it behind him—and who, for aught that is known is still going, traveling light, has left other troubles beside the charge on Mayor Dahl's docket.

Tuesday morning, it seems, was the time set by the Local Board for O'Neil to appear for a physical examination as a select, and he failed to keep his engagement with the government officials.

In addition therefore to the local sleuths, O'Neil will now have on his trail Uncle Sam's officers, and if he escapes the pursuers now on his trail he will be obliged to crawl into a hole smaller than the one he crawled out of and stay inside for an indefinite period of time.

## PENNSYLVANIA SEED CORN HAS ARRIVED

Two carloads of Pennsylvania seed corn arrived in this city this morning for Fayette county farmers who need seed corn.

One car, the one ordered some time ago by members of the Fair Company, arrived by freight over the B. & O., and is stationed at the Fayette Grain Company siding. The other car arrived by express under the order of the grain company.

The seed in the first mentioned car will be entirely used in filling orders already on file and all save 300 bushels of the seed corn in the second car has been spoken for by the farmers.

Deliveries are now being made as rapidly as possible.

Rev. Ross is personally known to hundreds of the boys of the famous fighting division and the intimate touch which he will be able to impart to the work by being associated with so many of his acquaintances will be a great benefit to the troopers and a great aid in his effective work.

## WAR WORK ACTIVITY

### MAYBE

That dreadful little Maybe is as busy as a bee.

She buzzes round in winter time or summer time to see  
If Garfield's burning cinders or if Hoover's drinking tea.

O, the Maybe is a pessimistic little busy bee!

Maybe the navy's gone to pot, maybe the army runs!  
Maybe the airmen haven't planes! or the soldiers haven't guns!  
Maybe the Kaiser's coming here, with "Kultur" in his wake!

Maybe a spy is plotting to put poison in your cake!  
Maybe you'll die of worry before you die of war!

If that busy little Maybe goes on buzzing any more.

—Jean Milne Gower.

A Word of Cheer in a World of Gloom From Los Angeles, Cal., comes the story of a fat, pudgy, pleasant little Rabbi who always has a story with a laugh in it, even though the joke may be on himself. He always has a smile and something to say that will rout Old Man Gloom.

"There's enough misery in the world today without my wearing a sad face," he says, "so wherever I go I try to bring a smile and leave a bit of cheer." Isn't that sound philosophy? Isn't it better to hand out the prescription of good cheer than to give everybody a fit of the blues. A good case of the dumps is mighty contagious.

These are days when we need to hand out smiles even if they have to be prodded a little.

There's enough gloom in the heads of the news columns and, torn as they are between hope and fear as they read of the struggle over there, it's a part of woman's war work to focus all the sunbeams of cheerfulness possible.

## 75,000 Clubwomen Go Wheatless Till After Harvest.

With 75,000 club members now pledged to abstain from wheat bread or pastry until next harvest, the club committee of the Federal Food Board, headed by James Cox Brady, will start a wheatless campaign among clubs throughout the entire country.

Already 250,000 sixteen-page pamphlets have been mailed to representative clubs in every State, county and city in the United States and within a week or ten days the committee expects that every club in the land will have taken the pledge.

The movement, started a week ago, has met with enthusiastic response and it is expected to ultimately result in the conservation of millions of bushels of wheat.

## AUTOS OVERLAND AND NOT BY RAIL

During the past few weeks a large number of new automobiles of various kinds have passed through this city, bound for other points, the destination of some being several hundred miles distant.

A few days ago forty Fords passed through, all bound for one point, while small squadrons of them pass through quite frequently.

New trucks also are being moved in increasing numbers in order to have car space on the railroads.

## FORMER GOVERNOR WILLIS IS COMING

Willis will deliver several addresses in this county during the second week of May, on to the graduating class at Bloomingburg on the night of May 10th and one to the graduating class at Good Hope the following night, while on Saturday afternoon of May 11th he will speak from the court house steps in the interests of the Fayette County War Chest Campaign.

## Poetry For Today

"DIVVY UP."

The sirens are a-shrieking  
 And the bells are all a-clang.  
 And the air-bombs burst and mingle  
 with the din—  
 They're reminding you and me  
 That the scrap across the sea  
 Is a scrap which Uncle Sam has got  
 to win.

We'll need five million patriots  
 In khaki with a gun  
 With which to smash the Kaiser  
 And subordinate the Hun;  
 But we've got it straight from Wood-  
 row  
 That they'll not get "Over There"  
 Until those they go to fight for  
 "Come Across" and do their share.

They're murdering our little ones  
 And glory in the strife;  
 They're bombing non-combatants  
 And destroying peaceful life;  
 No matter church or school-room—  
 A sick-ward or a hearth—  
 The symbol of their Kultur  
 Spreads death within its path.

If you've got a dollar idling  
 And idle let it stand  
 You're a slacker to your back-bone  
 You're a traitor to your land!  
 For the hand that buys the missile  
 Is the hand that speeds the shell—  
 But the hand that hoards the dollar  
 Shields another Hun from Hell.

Do you want to hoard your pittance  
 Till you stand amid the wreck  
 With a gun thrust in your stomach  
 And a sword across your neck—  
 And spend it then to purchase back  
 Your starved and threatened skin?  
 Or will you help some Sammy  
 "Go across." By God—and win.

There are finer men than you are  
 All aquiver for a chance  
 To spill their blood for liberty  
 And "do their bit" in France,  
 Come, vindicate your birth-right—  
 Speed their way across the pond—  
 Search your soul and then your wallet  
 Divvy up!—and buy a bond.  
 —By H. Gordon Duval.

## REV. F. E. ROSS TELLS VIVID STORY OF WAR

Former Pastor of Grace M. E. Church, Now Working Among Soldiers in the Fields of France Tells of Long Range Gun's Work and of the Untold Hardships Suffered by the Indomitable French.

His impressions of France, the work of the long range cannon which was shelling Paris while he was in that city, and numerous other phases of the war are related in a letter written to a Columbus friend by Rev. Frederick E. Ross, former pastor of Grace M. E. Church, and a recognized authority on European history, who is now somewhere in France doing Y. M. C. A. work among the fighting men of America. The letter in part is given below.

"My trip was uneventful," save for the death of a sailor, who fell overboard, and a man who died of pneumonia and was buried on Friday, March 22. It was a weird and touching service, the measured voice of the officiating priest being scarcely audible owing to the swish of the waves and the whistle of the wind. There was a peculiar sadness about the sailor's death. He was completing his term of service with the company and returning to France to live with his family.

"Fritz did not disturb our quiet. Of course there were the usual number of periscopes visible during our sleeping hours, but 'Fritz' discreetly hid himself during the day."

"The first outstanding impression on landing was the preponderance of black-garbed women in the crowd at the pier. France has suffered terribly, but nowhere is there a sign of faltering. Grief is born in impressive silence. Determination is evident. The vast significance of the war has sunk deep into the souls of the people and the impress of it will remain. The France of tomorrow will be vastly greater than the France of yesterday."

"The work of the 'Y' grows apace. It is an agency of immeasurable good. A system of remarkable efficiency has already been created. It is not without defects. The machine is new, though not complete, but it is surprising how well it works."

"The demands on the 'Y' are so great that the Paris headquarters find it hard to keep abreast of actual developments in the field." As an example of this Rev. Ross says he was assigned a few days ago to a well known division near the front. He says he spent the whole day searching for the division but could not find it. Three days later he learned it had been moved 40 miles.

"While in Paris we were 'treated' to daily bombardments by the German." "The toll of life was not large except when on Good Friday 60 persons were killed and 75 injured in a church. It was a deed of infamy to be ranked with German crimes in Belgium and the Lusitania massacre. I saw the church and the wreckage and horror of it all stirred me to indignation."

"Early last Monday (April 1) there was an aerial battle in Paris. We rushed out to see the contest. For 15 minutes the firing was incessant, and brilliant flashes of light showed the location of the planes. The French show no great agitation at such times. So far as appearances go the mercurial Frenchman is no more."

"With long-distance shells falling in his beloved Paris; with his borders aflame and cities in ruins; with crushing taxation and stalling poverty; with the steady draining of his richest blood and the shadow of death in every home; in these circumstances the Frenchman is serene, confident, invincible."

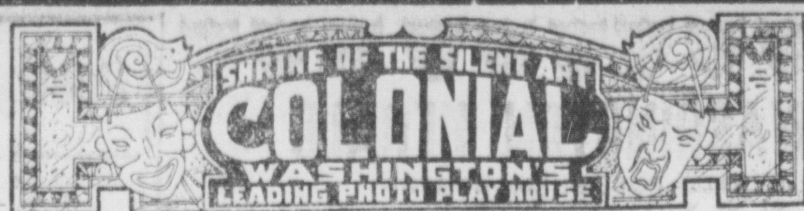

"Thrice armed is he whose cause is just. That is the spirit of France today." And as an example of this Rev. Ross tells of an incident where a well known Columbus 'Y' worker was out in quest of provision. He came to a rude cabin near which a large number of children were gathered. On entering he found an aged woman preparing food.

He learned that she was the mother of 16 children. Eight girls were working earning a little money, while the eight sons had been killed in battle. And at the age of 72 she was compelled to feed 32 grand children.

## WOMAN CAPTURED ON BOARD TRAIN

Chief of Police Moore on Tuesday morning picked up quite an important prisoner, according to subsequent developments.

The Chief was notified by Chillicothe authorities to be on the look out for a rather good looking young woman, who had been rooming in Chillicothe for the past week or more and who disappeared Monday evening at about the same time a half dozen silk waists and a \$25.00 fur neck scarf disappeared from the rooming house.

On the North bound B. & O. train this morning the Chief accosted a young woman who seemed to meet the description. She was very vehement in her protestations of innocence of any wrong doing. But the Chief was firm in his assistance that she get off the train and come to headquarters. When her assertion of innocence became too boisterous the Chief was firm in his insistence that waists and a fur scarf in her grip. Then she weakened and offered to pay any "reasonable fine" if allowed to continue on her way to Chicago. Nothing doing. She was taken to headquarters, the missing goods found. She registered as Mrs. Nora Williamson, of Chicago, aged nineteen years.

Chillicothe was notified and Chief of Police came over and took the prisoner back in an automobile to face her accusers.

## SAD WORD COMES FROM NEW MEXICO

A telegram received by Capt. Chas. Allen Tuesday morning brought the sad news of the death of Miss Ada Hess, daughter of the late Ivan Hess, of Bloomingburg, from tubercular trouble. After spending a year in Saranac, N. Y., for the benefit of her health Miss Hess went to Albuquerque, N. Mex., hoping in vain that the climate of that section would prove beneficial. Her mother, who with the one surviving brother, Ernest, has been living at Butler, Pa., joined her daughter some months ago.

Miss Hess will be remembered by a number of friends in both her early home of Bloomingburg and in this city, where she frequently visited at the home of Capt. Allen whose mother, Mrs. James Allen, was her aunt, and with Mrs. Cynthia Greiner, a cousin. She took the course and graduated for trained nursing at the Miami Valley Hospital, Dayton, and was an exceptionally competent nurse. For several years she practiced her profession in Texas and California.

A lovable and attractive young woman, with possibilities of much usefulness before her, Miss Hess' death is peculiarly sad.

The body will be brought here for burial, and will arrive Thursday or Friday. Further arrangements will be announced later.

## ACTION STARTED TO GIVE UNIFIED STATES A NATIONAL ANTHEM

By Associated Press Dispatch.  
Washington, April 30.—After nearly a century and a half of delay the United States seems about to acquire a national anthem.

"The Star Spangled Banner" would be adopted as the officially recognized hymn of the republic under a resolution by Representative McFadden of Pennsylvania, now pending in the House. Little, if any, opposition is expected.

Army and navy regulations long have designated the "Star Spangled Banner" as the official anthem and provide that officers and men shall stand at attention while it is being

played or sung, but the country at large has been left to its own tastes in the matter of selecting an appropriate hymn for patriotic occasions. Thus "The Star Spangled Banner" has been widely accepted by the American public as the representative hymn of the nation and patriotic societies for many years have been agitating for its official adoption.

Every land has a national anthem identified inseparably with its life. The sonorous strains of the Marsailaise breathe the indomitable spirit, the achievements and aspirations of France. While going down in vessels, England's sons have sung "God Save the King," or "Rule Britannia," and even the iron hand of Germany in Belgium has been unable to silence entirely the melody of "Brabanconne." Italians sing Garibaldi's hymn, while the Irish and Scotch have a veritable treasure trove of stirring war songs.

Attempts to find a suitable national air for the United States have not been few. Hundreds, perhaps thousands, of melodies have been thrown in an effort to meet the demand. Yet, the inspired lines written by Francis Scott Key, as while a prisoner on board a British frigate, he watched the unsuccessful bombardment of Fort McHenry, near Baltimore, in 1814, are widely regarded as nearer than any other to meeting the appeal.

FOR BURNING ECZEMA

Promptly Apply Zemo, the Clean, Safe, Disappearing Antiseptic Liquid—Easy to Use—Does Not Stain

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 35c, or \$1.00 for extra large size, get a bottle of zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive, penetrating, antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds on the chest (it often prevents pneumonia). Nothing like Musterole for croupy children. Keep it handy for instant use. 50c and 60c jars; hospital size \$2.50.

DR. L. P. HOWELL RECEIVES A CALL TO ACTIVE DUTY

Dr. L. P. Howell who has been commissioned Captain in the Medical Corps of the United States army since June 28th, 1917, is in receipt of an order from General McCain ordering him to report at once at Fort Oglethorpe, Georgia.

Dr. Howell will leave at once for Fort Oglethorpe reporting at Camp Greenleaf for instruction and enter the active military service.

While waiting under commission but unassigned for nearly ten months Dr. Howell has awaited anxiously the call to the service which is not new to him, having attained the rank of captain prior to his retirement from several years of active service in the Philippines.

While, of course, nothing definite is known as to the immediate future and no announcement is or can be made with authority at this time, Dr. Howell's many friends here expect that owing to his known qualifications as physician and surgeon and his wide experience in the army service, obviating the necessity for a long training that he will soon be on his way to France for active service in the war zones.

PARTITION SUIT IN COMMON PLEAS

In the common pleas court Bessie Kneisley has filed action for partition of certain lands in which she claims interest as one of the heirs at law, and to which the following persons are made defendants: Anna Hosler, Chas. Hosler, Lucy Hosler, John Hosler and Etta Hosler, Clifford Hosler, Lila Craig and E. Craig and the Savings Bank Company of Chillicothe.

Plaintiff, represented by E. L. Bush, declares that she has a legal right and is seized in fee simple as daughter of and heir at law of the late Jacob Hosler, of the undivided one-fifth of 12 acres in Madison township and the one-tenth part of a tract of 85.54 acres in Marion township, and another tract of 84.84 acres in the same township.

Plaintiff asks that the first named defendant's dower be set apart in the estate, and that plaintiff be given her portion of the estate. Also that the Savings Bank Company of Chillicothe which claims a mortgage of \$3,000 on the estate, set up the claim against the estate.

AUDITOR'S OFFICE IS OPEN TONIGHT

In the final clean-up of tax returns, County Auditor Pine has decided to hold the office open tonight until 8:30 which will permit all to appear and file their returns, this being the last day for filing.

Saturday night and Monday night the office was open until 8:30 and many persons appeared to file their property returns.

Tuesday being stock sale day, and the final day for filing, there was a general rush which kept Auditor Pine and his corps of assistants busy from an early hour, and there was every indication they would be kept busy until the closing hour tonight.
